

Deshihut Seller Guide

How to open your store, upload products and win buyers on Deshihut.com

How To: start selling in 6 steps

1 Create your account

Go to deshihut.com/sell-on-deshihut. Choose Merchant (you make or stock products) or Distributor (you supply a region). Enter name, phone, email, password and submit. You are logged in straight away.

2 Verify your email

Open the email from Deshihut and tap "Verify my email". No email? Check spam, then press "Resend email" on the yellow banner in your dashboard.

3 Build your store

Dashboard > My Store. Add store name, about your business, logo, banner, division, district, address and main product categories. Press Save store.

4 Upload your first product

Dashboard > Upload Products > Add product. Pick the category, write a clear title, set minimum order, add a featured photo and up to 5 more photos, then Submit product.

5 Wait for quick review

New products show "Pending review". Our team checks them, usually within one working day. Once approved they show "Live" and appear on Deshihut.

6 Answer buyers fast

Check Quotations, Orders and Messages every day. Buyers compare several suppliers, the fastest clear reply usually wins.

Your store page

- Store name: your trading name, the one buyers know.
- About your business: what you make or supply, since when, who you sell to, delivery areas.
- Logo: square image. Banner: wide image, about 1200 x 300. JPG, PNG or WEBP, max 2MB each.
- Main product categories: helps match you with buyer requests.
- WeChat ID and Alibaba store link are optional and shown only as information.
- Use "View public store page" to see your store as buyers see it.

Writing a good product listing

- Category: choose Parent category, then Category, then Sub-category. Pick the closest match, buyers filter by these.
- Title: short and specific. Good: "1.5 inch GI pipe, heavy gauge". Weak: "Pipe".
- Brand: choose the real brand. No brand? Choose "Unbranded".
- Minimum order: the smallest quantity you accept.
- Photos: one featured photo is required. Add up to 5 more: other angles, packaging, label. Bright, sharp, plain background. Max 2MB each.
- Price tiers (optional): Min qty, Max qty and price per piece, for bulk discounts. Leave empty to show "Contact for price".
- Sizes and colors: optional, choose all that apply.
- Product details: material, specs, use, packaging, delivery time. Short description: one or two lines for listings.
- Never add phone numbers, emails or outside chat apps. They are blocked. Buyers reach you through Deshihut.

Managing products

- Dashboard > Upload Products lists every product in your store with status: Pending review or Live.
- Edit: change any field, add or remove photos (tick a photo to remove it), update prices.
- Delete: removes the product from your store permanently.

Orders, quotations and messages

- Buyer requests: buyers post what they need. Matching requests appear under Quotations. Reply with your price.
- Orders: direct orders appear under Orders with status.
- Messages: questions sent with "Contact now" arrive in Messages.

Account and verification

- Email verification: active now.
- Phone (SMS) verification: coming soon. When active, a "Verify phone" button appears on your dashboard.
- Forgot password: use "Forgot password" on the merchant or distributor login page.
- Membership: every seller gets the top tier free until 30 June 2028.
